

Purpose: Learn to recognise cues which lead to defensive transition.

ORGANISATION

- ▶ A runs and kicks to B who is opposed by C and D (K2).
- ▶ A must attempt to read the cues to decide whether to move forward to provide equal numbers with B or retreat to cover E.
- ▶ If B gains possession he can kick or handball to A.
- ▶ Change the position of E to create new defensive angles.

COACHING POINT

Try to pick the early cues regarding the likely outcome of the contest.
